

N9005 Industrial Thermometer

The Professional Choice

The N9005 industrial thermometer features the latest technology housed in the well-proven Comark premium case. This addition to the Comark range includes:

Case dust and waterproof to IP67 standards

High accuracy

Rapid response

Exceptional battery life of up to 10 years

Permanent clock display

Countdown timer

User selectable alarm functions

Type T or K thermocouple

°C or °F scales

Data hold function

Secure sub-miniature probe connection

Auto switch-off

Protective rubber boot available

Interactive cell-phone style menu for selection of

- Scales
- Clock adjustment
- Countdown timer
 - Can be stopped during countdown
 - Uses include monitoring how long probe is inserted to obtain accurate reading
- Alarms
 - High and low temperature alarm levels
 - Alarm at end of countdown period
 - Three selectable alarm times on clock over 24 hours
- Choice of auto switch-off after
 - 3 minutes
 - 10 minutes
 - 30 minutes

Comark is the leading manufacturer and supplier of a wide range of electronic measurement instruments for temperature, humidity, pressure and pH.

N9005 Industrial Thermometer

N9005 Industrial Thermometer with BioCote® Protection

BioCote® is a silver based anti-microbial that is impregnated into the instrument case during moulding. BioCote® effectively inhibits the function, growth and reproduction of a wide range of micro-organisms and its protection is increasingly accepted as part of HACCP, due diligence and health and safety procedures to reduce cross contamination. BioCote® protection lasts for the life of the instrument, because the anti-microbial is present throughout the case plastic and cannot rub off or be washed or leached out.

BioCote® active ingredients are registered with the US Environmental Protection Agency (EPA).

Although BioCote® inhibits the growth of micro-organisms on the instrument case, it does not protect individuals against such harmful organisms or remove the need to maintain the highest standards of personal and product hygiene and cleanliness.

WARRANTY

All Comark Instruments have a minimum one-year warranty unless otherwise stated. The warranty period for temperature probes is six months and all other probes and electrodes are unwarranted because the conditions of use are beyond our control.

The Comark warranty covers manufacturing defects and component failure and applies worldwide. The warranty does not affect your statutory rights.

In line with our policy of continuous development we reserve the right to alter any product specifications without notice.

All products are covered by our Quality Management System which is compliant with BS EN ISO 9001:2000 for the design, manufacture, supply, service, repair and recalibration of electronic measuring instruments and equipment.

Comark has an accredited UKAS calibration laboratory for temperature and humidity measurement and can offer full service and recalibration facilities.

TECHNICAL SPECIFICATION

Sensor Type	Type T or Type K thermocouple	
Measurement Range	Type T -200 to +400°C, -328°F to +752°F Type K -200 to +1372°C, -328°F to +2501°F	
Scales	°C and °F	
Displayed Resolution	> -100° < +1000° ≤ -100° ≥ +1000°	0.1° 1°
System Accuracy at +23°C/+73°F between 0°C to +70°C, +32°F to +158°F	Type T* ±0.5°C/0.9°F <i>*Typical accuracy with a Comark probe</i>	
Instrument Accuracy at +23°C/+73°F	Type K or T full range 0.1% ±0.2°C/0.4°F	
Operating Temperature Range	-25°C to +50°C/-13°F to +122°F	
Display	4 digit, 12.5 mm LCD	
Countdown Timer Interval	1 second to 24 hours	
Battery	2 x AA 3.6V Lithium cells 2.7Ah, non replaceable	
Battery Life	10 years @ 4 hours use per day 365 days per year	
Environmental Protection	IP67 BS EN 60529 IEC 529	
Dimensions	Length 183mm/7.2 inches Width 68/79mm/2.68/3.11 inches Depth 31mm/1.22 inches	
Weight	270g/9.5 oz
